- Trapeze
- Fireman’s Pole
- Tube Slide
- 8’ Slide
- Wobbly Bridge
- 2 Swings
- Glider
- Ship’s Wheel
- Periscope
**Important Safety Features**

- Most importantly, we use #1 grade material, non-toxic pressure-treated yellow pine which cannot harm children.
- All exposed wood surfaces are planed smooth, and corners are rounded to prevent splinters.
- All metal, such as glider brackets, dowels for monkey bars, fireman’s pole, and bridge rails, are powder-coated for long lasting and a durable finish.
- Swing seats come with heavy-duty chains coated with rubber grips. No pinched fingers!
- We use composite decking on all exposed floors on decks and playhouses.
- A number of children can play at the same time, and will not tip your playset over.
- Our playsets are built by experienced craftsmen who always keep your children’s safety in mind.
- Have fun selecting a good quality playset for your child or children!

**Features**

**ExtraHigh 9'High Swing Beam!**
