ELEVATE YOUR SPACE

TIMBER FRAME PAVILIONS

SHOWCASED ON PAGES 3-10

Timber Frame Pavilions combine modern structure with traditional art and craftsmanship found in intricate mortise and tenon joinery. Constructed with massive #1 Douglas-Fir Timbers, these solid structures are built to last and display the rustic beauty of natural wood. These pavilions are great for family event hosting, backyard barbecues, commercial business, recreational parks, or poolside resorts.

VINYL PAVILIONS

SHOWCASED ON PAGES 11-18

Vinyl Pavilions are a beautiful, long-lasting option that will set your space apart! They are also easy to clean and maintain. With plenty of sizes available, you will be able to find a structure that fits your space well for that poolside party or outdoor retreat. Vinyl Pavilions may also be complemented by veneer stonework, fireplace and chimney, exotic wood ceilings, and different roofing options.

WHAT DO CUSTOMERS SAY

about our Timber Frame Pavilions?

“

The three gentlemen that showed up to install were amazing to work with. They worked extremely fast and didn't miss a single detail. If you want a structure built right the first time, I would definitely recommend you use them!

-Andrew Elmore

”

“

The team was truly professional. From design to completion, they worked hand in hand with us to create a pavilion that will last a lifetime. The installation crew was on time, courteous, and finished on the schedule promised!

-Scott Till

”

“

The result has exceeded our expectations. I was in awe as the team erected our 24x24 pavilion in 2 days. The craftsmanship was so well done, our county inspector even said so. Working with them was a joy and refreshing.

-Mike

VINYL OUTDOOR PAVILIONS

10x16 Shoreline

STANDARD VINYL PAVILION

Shoreline

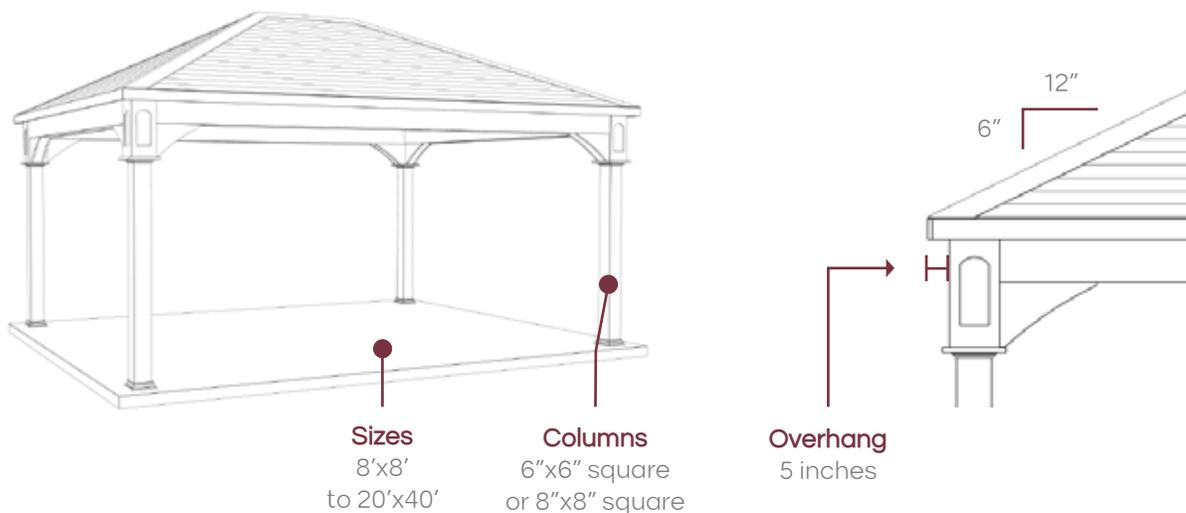

Cost Effective | Easy Assembly | Clean Lines

If cost effective and low-maintenance are words that grab your attention, then this Shoreline vinyl pavilion fits the bill. The Shoreline features an entry-level design, making it an affordable pavilion without sacrificing quality or longevity.

Sizes for the Shoreline range from 8x8 to 20x40, giving flexibility for hosting either large or small gatherings under its beautiful wood ceiling.

Backyard cookouts and poolside relaxation are closer than you think with a Shoreline!

MODERN VINYL PAVILION

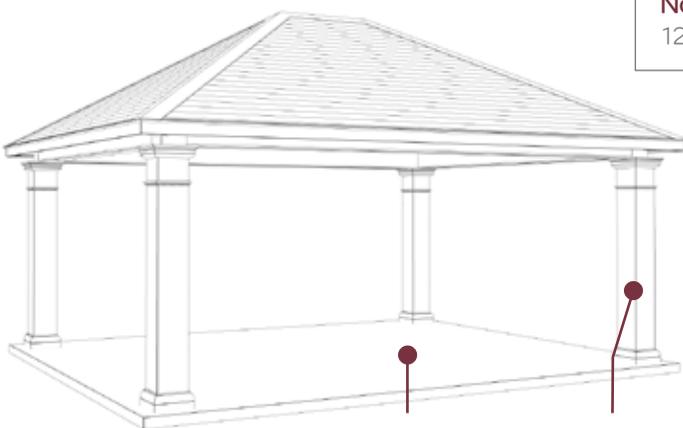

Caribbean

Trendy Design | Clean Lines | Bold and Linear Design

The Caribbean is not your traditional-looking pavilion. Instead of the normal grooves, curves, and ornamental trimmings, the Caribbean features a clean linear design that looks very bold and modern. This modern design has thick columns, wide post spans, and a sharp roof pitch.

Sizes for the Caribbean range from 8x8 to 24x48, giving plenty of flexibility to fit different design ideas or layouts. Bring the feel of a tropical getaway to your backyard with a modern-looking Caribbean!

WHAT DO CUSTOMERS SAY

about our Vinyl Pavilions?

“

This experience with our pavilion exceeded our expectations. From sales to install they were professional, courteous, and timely. We also felt the quality was better than expected, not that we had low expectations.

-Brian McConnell

”

“

I could not be more pleased with my Caribbean pavilion. They were fantastic to work with from start to finish. They delivered on time, on budget, and with quality beyond what I expected.

-Tom Smith

”

“

Beautiful 16x16 pavilion. Built in one day! Professional and strongly built. They kept me informed of every detail. Could not be happier, and the price was lower than every competitor.

-Mark

”

WOOD OUTDOOR PAVILIONS

12x14 Lakefront (Rustic Cedar stain)

STANDARD WOOD PAVILION

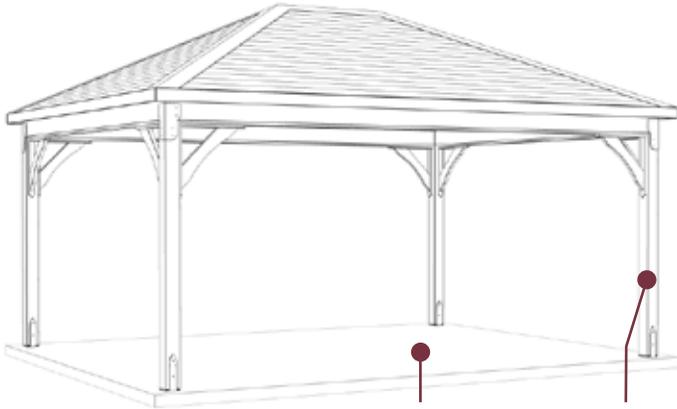

Lakefront

Cost Effective | Uniform Design | Easiest Assembly

The Lakefront combines the best of both affordability and longevity. With its basic design, it provides a very cost-effective solution for a relaxation spot. The Lakefront also stands out with its ease of onsite delivery and assembly.

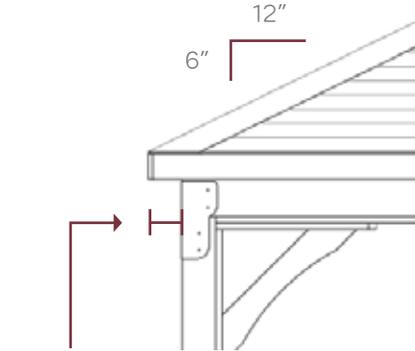

What does this all mean for you? It means that you can enjoy incredible value, beauty, and longevity without paying an unreasonable amount!

STRUCTURAL DRAWINGS

Engineered Certified Drawings

If you need Engineered Certified Drawings for your local government, we can provide that at an additional fee.

Standard Drawings

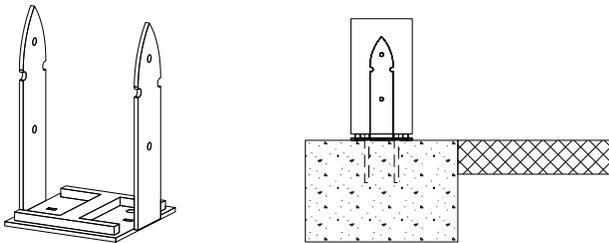

Standard Drawings are included with each pavilion purchase.

POST STAND-OFFS

FOR NON-VINYL STRUCTURES

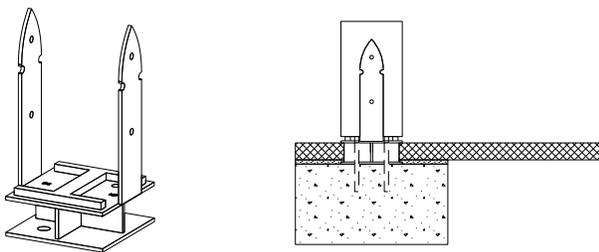

Post stand-offs are always recommended if the post mounting locations are positioned below the patio surface. The goal is for the bottom of the posts to be elevated slightly above the patio surface, ensuring greater longevity for the structure.

Standard Post Bracket

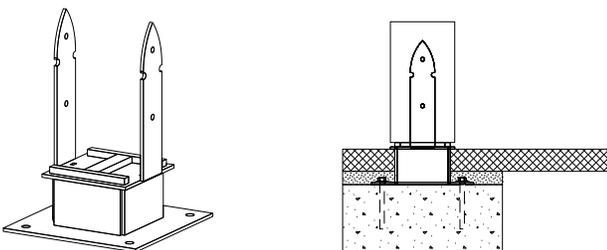

*Standard bracket includes 3/4" stand-off. In this diagram, the finished patio surface is below the post.

2 1/2" Stand-off Bracket (24' wide and smaller)

4" Stand-off Bracket (26' wide and larger)

DIY PACKAGES

All of our pavilions are available as DIY (Do It Yourself) kit packages. Each kit is manufactured in Lancaster, PA and then shipped to your location. The kit comes ready to fit together along with basic instructions for the assembly. If you would like to see one of our dealers assembling a Timber Frame Kit, scan the QR code at right.

PEQUEA'S GUARANTEE

We are committed to building quality structures that will serve our customers well for many years.

If we make a mistake on a structure, we will either fix the error at no charge to the customer or credit the original dollar amount for the mistake.

From the start, we have been pleasing buyers with our highest grade of craftsmanship and uncompromising quality. While some sacrifice quality for quantity, Pequea puts focus in each one of its structures and makes every effort to produce a durable, yet affordable building that will meet your individual needs, in addition to complementing your home or place of business.

Personal

Dedicated to friendliness, honesty, and understanding.

Passionate
